PROFILE

Motivated and detail-oriented web development student with a strong desire to learn and develop new skills. Experienced in administrative support and recruitment. Fluent in four languages - Slovak, Czech, English, and Italian. Known for strong analytical and problem-solving skills, attention to detail, and excellent time management. Passionate about web development and eager to contribute expertise to dynamic projects.

PROJECT EXPERIENCE

Library Management System

Tamwood College, May 2023

- Collaboratively built a library management system using PHP.
- Developed a user-friendly interface for library staff to manage book cataloging, lending, and returns.
- Implemented a database to store book information, borrower records, and transaction history.
- Integrated authentication and access control features to ensure data security and privacy.
- Worked closely with the team to troubleshoot issues, conduct testing, and ensure the system's smooth operation.

Campervan Rental Website

Tamwood College, April 2023

- Worked as the team leader in a project to develop a campervan rental website using JavaScript and React.
- Led the team in designing and implementing an intuitive user interface, enabling customers to browse available campervans, make bookings, and manage reservations.
- Oversaw the integration of a secure payment gateway for seamless transactions.
- Collaborated closely with team members, delegating responsibilities, and ensuring cohesive teamwork throughout the development process.

Sudoku Game in JavaScript

Tamwood College, March 2023

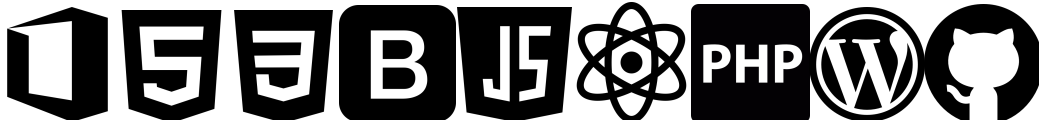

- Led a team of classmates as the team leader in developing a Sudoku game using JavaScript.
- Collaborated closely with team members to delegate tasks, manage project progress, and ensure timely completion.
- Implemented logic and algorithms to generate and solve Sudoku puzzles, providing a challenging and interactive gaming experience.
- Conducted regular meetings to review progress, address obstacles, and facilitate effective communication within the team.

Work & Study in Vancouver: Responsive Web Page

Tamwood College, February 2023

- Collaborated with a team of classmates to develop a responsive web page using HTML, SCSS, Git, and GitHub.
- Implemented responsive design principles to ensure optimal user experiences across various devices and screen sizes.
- Actively engaged in code reviews, troubleshooting, and debugging to deliver a high-quality project within the given timeline.

SKILLS

EDUCATION

Diploma: Web Development

Tamwood Careers College - Vancouver, BC

January 2023 – Currently

- Currently studying an intensive program in web development, gaining practical experience in programming languages and tools.

Bachelor in Translation & Interpreting studies

Comenius University – Bratislava, Slovakia

September 2019 – May 2022

- Completed a Bachelor's degree in Translation and Interpreting with a focus on Italian and Finnish languages. Developed strong communication and language skills, as well as the ability to work under pressure and manage multiple tasks simultaneously.
